

## PIN-Secured and Signature Debit

Debit (including PIN-secured and signature) is one of the fastest growing payment options in the U.S. With connectivity to all the major debit networks, you have the opportunity to:

- Increase ticket sales
- Virtually guarantee payment (PIN-secured debit)
- Reduce fraud, losses and costs
- Build customer loyalty
- Offer cash back (PIN-secured debit)

## Credit Card Services

Comprehensive swipe to settlement services for today's most widely accepted credit cards:

- Visa®
- MasterCard®
- Discover®
- American Express®
- Diners Club®
- JCB®
- Private Label

**VERIFONE  
OMNI 3750**

## Check Services

Minimizing the risks and losses associated with check acceptance is crucial in today's marketplace. Check services - including verification, conversion, authorization and warranty - allow you to:

- Reduce returned check volume
- Faster funds availability through the ACH network on check purchases
- Create detailed reporting and settlement document

**HYPERCOM T7 PLUS**

## Hospitality Solutions

Specialized payment terminals designed to meet the unique needs of the restaurant and hotel industries, such as:

- **Restaurants:** bar tabs, tips, tip reporting, etc.  
- Certified on multiple Value Added Resellers
- **Lodging:** check-in/check-out, full reporting, integrated retail processing for gift shops

## EBT (Electronic Benefits Transfer)

The EBT program is a government program for electronic food stamps and other government entitlement benefits.

- Requires compatible processing equipment
- Enable easy settlement and reconciliation
- Provide EBT service in all lanes of store
- Accept EBT payments from your state with magnetic stripe programs

## Virtual Terminal/Gateway/Web-Enabled Services

Internet-based payment processing offers fast transaction time without the added expense of satellite or leased-line connectivity. A complete solution for your e-commerce site or brick and mortar location(s):

- Provides processing, authorizing and settlement
- Combines processor and gateway functionality
- Easy web services integration

## Wireless Services

Experience the freedom of wireless terminals and services, including:

- Portable terminals for convenient, on-the-spot payment
- Wireless terminals are perfect for:
- Delivery services
  - Plumbers
  - QSR and casual dining
  - Mobile Auto Repair
  - Trade shows
  - Tow Trucks
  - Sporting events/concerts
  - Taxis

## Gift Cards

Gift cards are the fastest growing products to hit retail in years, offering:

- Reduced administrative costs associated with paper-based certificates
- Increased store revenue by eliminating cash back

**GIFT CARD**

- Faster and more accurate transactions
- Advertising and branding opportunities
- Repeat visits and customer loyalty

## Purchasing & Commercial Cards

If you process business-to-business, government or military transactions, you can accept purchasing and commercial cards through point-of-sale terminals and specialized software. Many corporations use purchasing cards to:

- Eliminate paperwork
- Reduce processing costs associated with small value payments

## Payroll Card

Payroll cards offer both employers and employees these significant benefits:

- Offers millions of unbanked wage earners a more convenient way to access their money
- Provides employees with check cashing at more than 1 million ATM/POS locations
- Diminishes costs of check production and distribution for employers
- Reduces expenses of lost/fraudulent checks and check reconciliation
- Offers turn-key support in program introduction and card issuance

## Fleet Cards

Government and large corporation employees regularly make purchases for fuel, service and repairs with fleet payment cards. Tap into some of the most popular fleet card programs, including:

- Voyager®
- Wright Express®

## Virtual Reports

MyVirtualReports.com provides fast, convenient transaction information for Retail, Internet businesses, Mail Order and Telephone Order. It will communicate with most accounting programs. Some of the features included:

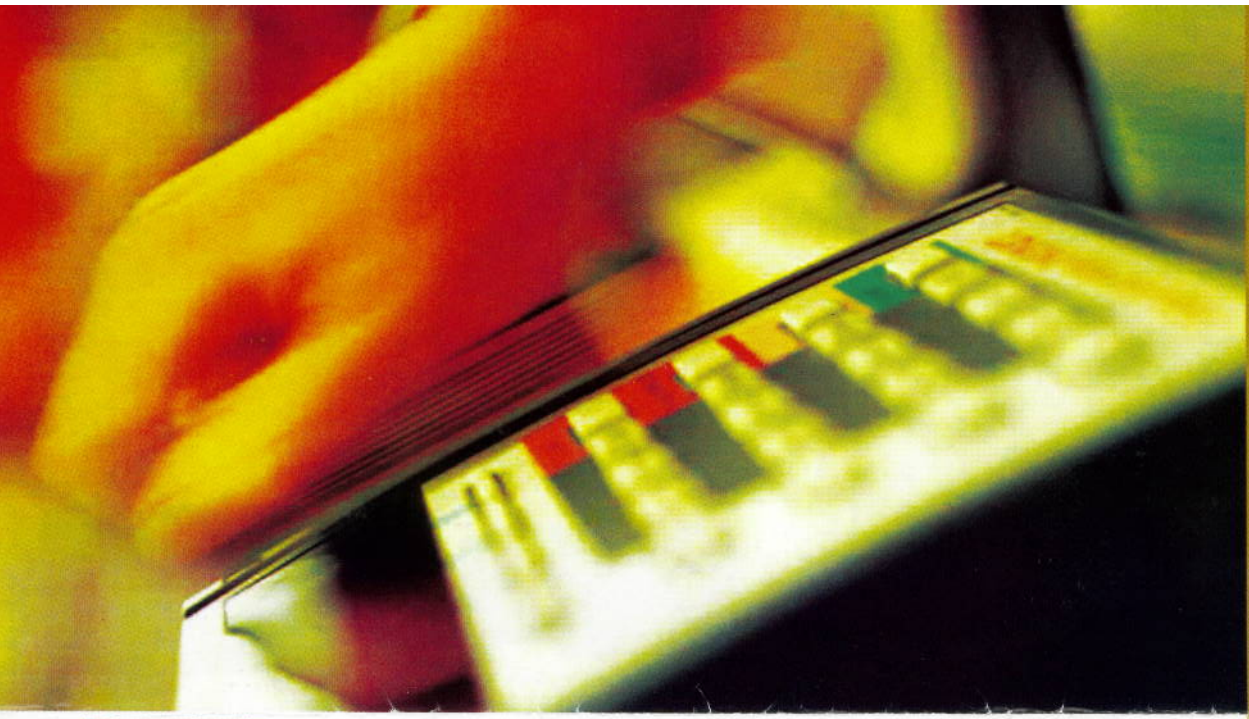

- Daily Transactions
- Transaction Search
- Monthly Statements
- Return & Credits
- Chargeback Search
- Authorizations

Cashless Commerce Solutions

Different businesses have different processing needs. Our products and services are specifically designed for your business. Our customer driven approach and philosophy is simple – We listen to you.
